

CLAIRE ANDREA S. SANIEL

sanielclaireandrea@gmail.com | 09124518654

PROFESSIONAL SUMMARY

Aspiring Software Engineer with hands-on experience in frontend development, platform configuration, and UI/UX design. Skilled in building responsive and user-focused web applications using ReactJS, TypeScript, CSS, and WordPress, with foundational knowledge in cloud architecture and emerging AI tools. Proven ability to rapidly master complex systems, exceed performance standards, and deliver high-performance digital experiences through a rigorous 500-hour IT internship and individual project development.

EDUCATION

Cebu Institute of Technology – University | 2022-2026
Bachelor of Science in Information Technology

Cebu Institute of Technology – University | 2020-2022
Senior High School

Little Flower School Inc. | 2016-2020
Junior High School

Dumanjug Central School | 2010-2016
Elementary

EXPERIENCE

IT Intern | The Umonics Method

January 2026 – April 2026

- Mastered internal operations systems and remote organizational workflows within the first week.
- Managed technical tasks, asset maintenance, and system documentation with 100% deliverable completion.

Data Annotator (Part-time) | T-Maxx AI Annotation Team

May 2026 – June 2026

- Data Quality & Analysis: Evaluated, labeled, and structured complex datasets with high precision to train and optimize Machine Learning (ML) and Generative AI models.
- Process Optimization: Developed and executed workflow strategies adhering to strict evaluation and comment guidelines, ensuring high-quality objective and subjective scoring formats.

PROJECTS

Skillable – Life Skills E-Learning Platform | *UI/UX & Project Manager*

- Conceptualized the platform architecture and defined core user interaction flows.
- Guided the UI/UX design to ensure intuitive, accessible navigation and responsive web screens.

LaundryDash - Laundry Pickup & Delivery Platform | *UI/UX*

- Designed end-to-end user interfaces and layouts for Customer, Business, and Driver modules.
- Developed high-performance, responsive frontend components using HTML and CSS.
- Collaborated with backend team to maintain a consistent UI flow and user experience across all platforms.

JobFlex – Job Matching & Employment Platform | *UI/UX*

- Developed responsive web interfaces using React, Material UI, and Tailwind CSS.
- Integrated frontend services with backend APIs using Axios for authentication and profile workflows.
- Partnered with backend developers to maintain consistent UI/UX flow across the platform.

CERTIFICATIONS

AWS Academy Cloud Architecting [133939] Certification	November 2025
Accenture Technology Academy Certificate of Completion	January 2026
Now Assist Executive Micro-Certification ServiceNow University	April 2026
Implement Basic Automation Techniques Using AI Tools TESDA	May 2026
Utilize Generative AI TESDA	May 2026
Ensure Compliance with Data Privacy and Ethics TESDA	May 2026

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, C, Python

Frameworks & Libraries: React.js, Spring Boot

Tools & Platforms: Git, GitHub, Figma, Vercel, Netlify, Activepieces, n8n

APIs: OpenAI API, Gemini API, RESTful APIs
